

**Tim Miller, President & CEO, Abeona Therapeutics**

Timothy J. Miller, Ph.D. is President and Chief Executive Officer and a Director of Abeona Therapeutics, Inc. He has 16 years of scientific research, product development and clinical operations expertise, with a focus on transitioning novel biotherapeutics through pre-clinical phases and into Phase 1 and 2 human clinical trials. Dr. Miller was President & CEO of Red5 Pharmaceuticals from 2013 until 2015 and was Vice President, Business Development of BioEnterprise, Inc. in 2015. Dr. Miller held various positions at several companies focusing on gene therapy and regenerative medicine. As a serial entrepreneur, he has managed all aspects of research and development, manufacturing of biologics, and clinical program start-up from a small company perspective, with direct experience engaging Food and Drug Administration (FDA) and NIH advisory agencies on multiple Investigational New Drug (IND) submissions. During his career, he has contributed to multiple patent applications, managed intellectual property, and published research in several internationally recognized journals. Dr. Miller earned his Ph.D in Pharmacology with a focus on Gene therapy/Cystic Fibrosis from Case Western University. He also holds a B.S. in Biology and M.S. in Molecular Biology from John Carroll University (Cleveland, OH).
